### Secrets of Revelation

By the era, which itself is witness that mankind indeed is at a loss. The wealth it yearns for is destined to be lost. Each passing moment marks a reduction in the term of life, with limbs and the organs becoming decrepit. Everything which he has at his disposal including his strength is being expended. Allah's

numerous blessings are now on the course of depletion, one after the other, while death shall finally terminate all pleasures of life.

However, those who believed in and recognised **Allah**, and also offered their gratitude to **Him**, attained excellence in return. This is because they moulded their lives in accord with **His** dictates and the System given by **Him**. And they had also exhorted others all their lives to the Truth while themselves conforming to it in the best possible manner.
